ACCESSORIES AND FURNISHING  
FOR EXCLUSIVE BATHROOMS  
AND BATHING LOUNGES.

cristalstone

High quality modern conglomerate, developed by professionals. Material is a features combination of ceramic and sanitary composites. Cristalstone looks and behaves like a ceramic, but it is more mechanically resistant. According to Cristalstone properties, washbasins can have expressive, modern forms that are unattainable for ordinary ceramics.

Opracowany przez specjalistów, wysokiej jakości nowoczesny konglomerat. Materiał łączący cechy ceramiki i kompozytów sanitarnych. Cristalstone wygląda i zachowuje się w dotyku jak ceramika, jednak jest od niej bardziej wytrzymały mechanicznie. Dzięki właściwościom Cristalstone, umywalki mogą mieć wyraziste, nowoczesne formy, nieosiągalne w przypadku zwykłej ceramiki.

Sinks with a satin matte finish available in two sleek versions countertop and built in linear drain. Both possessing an elevated and refined finish, thin sink walls create a seamless look throughout the whole interior making it feel although it is one unit, composed with the newest architecture trends in mind to correspond with the needs of the current market. Our Cristalstone sinks and baths are a mix of impeccable aesthetics with a daring design straight from the best Polish manufacturers.
